June 17, 2022

Dear Tantasqua Regional and Union 61 Families,

Our school year is coming to a close and the excitement throughout the District is finally one of optimism instead of the trepidation of the last two years. As the 2021/22 school year winds down, I hope all students and families can reflect upon the events and achievements of the school year. While the past year has been filled with challenges and what seemed like daily adjustments, it was also filled with accomplishments many thought could not be attained, especially during our bleak winter months. However, we were able to end the year in a more "normal" fashion than we have seen in three years now. Many of our students were able to fully enjoy academic classes, performances, athletics and community events. What a joy to see all the happy faces of our school communities again.

Over the past month each of our member towns held their Annual Town Meeting. We appreciate the support of our Town Officials and all town voters. The faith and confidence our member towns have in their schools allows us to provide the best educational experience possible for our students.

I hope you all have the opportunity to re-energize over the summer, while taking some time to reflect on the experiences of the past year and embrace the growth we have seen in our school communities. As always, we all get a chance to start fresh in September, with new challenges and opportunities to learn and grow even further. Our administrators will spend much of the summer planning and organizing for the upcoming year....which will, of course, come much too fast for all of us!

These past years have reminded us how precious our family time is. Please enjoy the summer and know we will be welcoming your children back with excitement and optimism on August 30th.

Sincerely,

Deborah Boyd
Superintendent
